Of Pythias.

ESTABLISHED 1833. THURSDAY, SEPT. 23, 1897. PRICE TWO CENTS.

Bright, practical, helpful and thoroughly interesting is the September issue of "Fashions."

The fiction of the number is furnished by Opie Read and Octave Thanet, the former a breezy Western Story, the latter the beginning of a serial.

Early autumn styles are shown in bewildering array, the French houses of Worth, Virot, Paquin and metropolitan designers being liberally represented and, as usual, Diane Du Bois contributes enough suggestions for the home dressmaker to keep her thoroughly in touch with all the latest fabrics and trimmings.

A variety of short articles for various members of the family, and the usual departments of Wit and Humor, Best Stories, Graphology, Physiognomy and Horoscope complete the number.

Can be obtained by calling at our Store.

CAMPAIGN OPENS.

Silver Democrats Settle Down to Work.

Will Begin the Battle in Ohio With Big Meetings in All Important Towns and Cities.

COLUMBUS, Ohio, Sept. 23.—The silver wing of democrats open their state campaign today. Each county is to hold a meeting, but the grand central meeting is set for this city tonight. Word has been received that all of the speakers will be present. Hon. H. Chapman, for governor, has talked some in the campaign, but this will be his first of importance. The committee dispensed with the usual parade. The Fourteenth Ohio National Guard band will be at the large auditorium in which the meeting is to be held. The other speakers are to be Congressman J. Lentz, Mayor J. Rice, of Canton, and Gen. A. J. Warner, with a short introductory by Allen W. Thurman, the chairman. The indications are for a large attendance. A long list of vice-presidents, headed by Samuel L. Black and Col. James Kilbourne, will occupy the stage, the object being to have each city, ward, township and certain school districts especially represented by one of its leading silver democrats on the stage. The purpose was to have a meeting tonight in each school district of the state, but in this the committee say they will not be successful. The county meetings, however, they say are assured.

IS A COWARD.

No Ultimatum Has Been Sent to Spain.

Only the Friendly Offices of the United States Have Been Tendered to the Madrid Government.

NEW YORK, Sept. 23.—A special to the Herald from London says: "In reference to the sensational telegrams from Madrid about the alleged ultimatum and the inevitability of war between the United States and Spain, the Herald correspondent had a conversation with a distinguished American diplomat, who, though not personally concerned in the American-Spanish negotiations, is in a position to know the exact state of affairs, but who, for obvious reasons, would not allow his name to be mentioned. He said:

"'I can not, of course, pledge in advance the government of the United States, but so far as the present is concerned, such a step is not in contemplation.

"'The United States has probably intimated, through Minister Woodford, that the present state of affairs is most deplorable, and that if we could be of any assistance in bringing such a condition of things to an end, we should be glad to offer our services.

"'But you may state absolutely that no ultimatum has been sent to Spain by the United States.'"

KELLEY KILLED

His Wife's Father After a Quarrel and Is Now in Jail.

RIDGEFIELD, Conn., Sept. 23.—James Kelley, about twenty-eight years of age, residing in Lewisboro, N. Y., shot and instantly killed Charles Meade, his father-in-law, aged fifty years, at the latter's home, in Lewisboro, last night. The bullet lodged in Meade's breast, just above the heart. According to the story which has reached this place, Kelley three weeks ago eloped with the eighteen-year-old daughter of Meade. The couple returned to Lewisboro after their marriage, but failed to receive the blessing of the bride's father. A quarrel took place last night and the shooting resulted. Kelley was arrested soon after the tragedy.

IS SINKING.

George Killen's Condition Is Growing Worse—He Has Hydrophobia.

George Killen, who suffers with hydrophobia at the county jail hospital, is sinking and the end cannot be far off. Several physicians who examined him today pronounced it a clear case of hydrophobia, only one physician of five differing in this opinion. Mr. Killen's wife and five-year-old daughter are at his bedside and in his rational moments he recognizes them. His convulsions are of more frequent occurrence than they were yesterday.

At 3:30 a. m. yesterday occurred the death of Mrs. Mary MacMullen, at the home of her daughter, Mrs. F. MacBennett, of South Lafayette street. Her death was due to old age. She was a woman of noble character and loved by all who knew her. She was born in County Antrim, Ireland, in the year 1819, came to this country in 1851 and has since remained in Fort Wayne. She was the mother of five children, as follows: John MacMullen, the well known contractor; James MacMullen, the engineer; Mrs. F. MacBennett, Mrs. J. Daley, of this city, and Dennis MacMullen, of Australia. The funeral will take place Saturday morning at 8 o'clock from the St. Patrick's Catholic church.

CANTER MARRIED.

The Senator Finds a Helpmeet in Illinois

In the Person of Miss Lydia Myriam Greenebaum, a Charming Belle of the Windy City.

CHICAGO, Sept. 23.—The wedding of State Senator Jacob A. Canter, of New York, to Miss Lydia Myriam Greenebaum, was celebrated at high noon today. The ceremony took place at the residence of the bride's parents, Mr. and Mrs. David A. Greenebaum, 3154 South Park avenue, the Rev. D. E. G. Hirsch officiating.

The wedding was private, and only a few friends were present. The bride wore a traveling gown of light tan colored cloth braided, the jacket faced with French green velvet. The hat was of soft felt, trimmed with lace and black ostrich feathers. Pinning the throat of the jacket was the groom's gift—a brooch of pearls and diamonds. The bridegroom was attended by Richard Croker, of Newport, as best man. The presents were magnificent, one of the most notable being a complete silver service from Senator A. N. Brady, of New York. Immediately after the breakfast, Senator and Mrs. Canter left on a short wedding journey through the east. They will live at the Marie Antoinette in New York.

LOCAL LINES.

There was no police court this morning.

Dr. J. F. Brenneman, of Bluffton, is in the city.

The one day-old child of Mr. and Mrs. Joseph Crawford, of Aboit township, died this morning.

Mr. and Mrs. Clem Carr, of Richmond, Ind., is the guest of Mr. and Mrs. William E. Jenkinson, of South Harrison street.

William C. Breen is at Chicago to attend as a member of the board of directors a meeting of the Wisconsin Summer school, of Madison, Wis.

Hugh Beaver, of Columbia avenue, will this evening give a reception in honor of Miss Edith Wilson, of Wabash, who is visiting friends in the city.

The regular weekly meeting of the Christian Missionary alliance will be held tomorrow evening at the residence of Fred Lenz, No. 7 Chute street.

Samuel Epstein attended the Auburn fair today. He was appointed one of the judges of the "human menagerie," one of the leading features of the fair.

The Berry street M. E. church choir will meet at the church Friday evening, at 7:30 sharp. A full attendance is desired, as there is important business to be transacted.

Edward Conway, who has been absent from Fort Wayne fourteen years, returned unexpectedly a few days ago. He has been in several foreign countries during his absence.

Mr. and Mrs. W. H. Pierson have returned to their home at Arapahoe, O. T. While here they were the guests of Mrs. Pierson's sister, Mrs. Alfred Darnell, of East Jefferson street.

Dr. J. W. Younge has just returned from the Culver Military academy, where he left his son, Lawrence. There are about 200 boys there, from nearly every state in the union.

H. O. Butler and bride, of Waterloo, are guests at the New Aveline today. Mr. Butler was for some years a clerk of the Rich hotel, when Fred Needham was proprietor of that hostelry.

Sunday will occur the second quarterly meeting of the Berry street M. E. church. The sacrament of the Lord's supper will be administered. Rev. F. T. Simpson will preach at the evening service.

The funeral of Mrs. W. A. Diffenderfer took place this afternoon from the residence, the Rev. Dr. Boggs preaching the sermon. The Linden quartet rendered several selections. The interment at Lindenwood was private.

The Fort Wayne foot ball team, which held last year's championship in this territory, is being reorganized and from the character of the applicants for membership it will be even stronger this year than last. So far the applicants are Robert Orff, John Moring, Arch Bradley, Rudolph Dick, Fred Lang, John Johnson, Arthur Dougall, Ike Cohen, John Ehrman, Hugh B. Ohls, Philip Howard and J. Shrauver. The first game in this city will probably be with a team from Lima, Ohio, October 9.

Relief Union.

A meeting of the advisory board of the Relief union, with the directors of that society, will be held on Friday evening, Sept. 24th, at 7:30 p. m., in room 8, city building. A full attendance is earnestly desired. By order of executive committee.

E. B. BUSKIRK,

Cor. Sec. Fort Wayne Relief union.

THE DEATH RATE.

Yellow Fever Kills Twelve Out of 100 Victims.

Two Deaths Occur Today at New Orleans and One New Case Is Reported—Situation Elsewhere.

NEW ORLEANS, La., Sept. 23.—Shortly after 10 o'clock this morning two deaths from yellow fever were reported at the board of health. They were Marie Dubos, a child, living on St. Charles street, between Cherokee and Hillary, who was taken sick on the 18th, and C. Serretto, of 611 Birch street. Both of these deaths occurred in the extreme upper portion of the city. One new case was also reported this morning. It is that of Edgar Roy, at Miro and Esplanade streets. Sickness already existed on the premises. The total number of cases up to the present is eighty. There have been ten deaths in all. The death rate is a trifle over 12 per cent.

NINETY CASES.

EDWARDS, Miss., Sept. 23.—New cases of yellow fever reported since the last report at 8 p. m., is as follows: Mrs. Dr. Peel, Dr. W. A. Rattliffe, Miss Martin, W. G. Reidfeldt, George Wathinger, Mrs. Scott Noblin, C. H. Noblin, Frank White and Josephine Saunders. There are the usual quota of suspects not yet seen by the doctors. All so far as heard from are doing fairly well. Mrs. Greaves, who has been dangerously sick, is reported improving and the situation looks more cheerful. There are now a total of ninety cases of yellow fever here.

BARRED OUR COIN.

American Money Shut Out of San Domingo.

Claim That Its Use Has Depreciated the Purchasing Power of the Native Product.

NEW YORK, Sept. 23.—D. R. Ceballos, an English speaking Mexican who arrived here on the steamer Jamaica from Sanchez, San Domingo, today says that President Lille, of San Domingo, has issued a decree forbidding the admittance of American and Mexican money into San Domingo and prescribing its use there. This decree, which is to take effect on October 8, is aimed at the commercial classes who had been preferring insistently American and Mexican money to the San Domingian coin, which is depreciated in value. A San Domingan dollar is worth 30 to 35 cents. About four or five millions of American and Mexican money have been employed annually in business transactions in San Domingo.

DISCUSSED PLANS.

Work of the Associated Charities for the Coming Year.

At a meeting of the executive committee of the Associated Charities the prospect for the coming year was freely discussed and plans are now being laid to make the work more effective than ever. The friends of the association believe that in the few years of its existence it has fully demonstrated the necessity for organized effort in charitable and benevolent work, and that by its methods much effort that had before been misdirected has been turned into the proper channel. Its plan is no longer an experiment in Fort Wayne, hence the association feels that the people will give their hearty co-operation and support.

It is desired the coming year to interest directly a much larger number of the citizens and it is hoped this may be done by inducing them to become members of the organization. The annual membership fee is only $2, and at this rate the list should reach at least a thousand names. The effort that is being made to secure memberships should prove abundantly successful and a ready and prompt response to the appeal by the citizens generally will not only be a just recognition of the work being done but will also materially aid a worthy cause.

A BUNGLING JOB.

The Execution of Johnson a Brutal Affair.

KEY WEST, Fla., Sept. 23.—Silvanus Johnson was hanged here at 11:32 o'clock this morning for rape. The hangman bungled the execution, the knot slipping under the chin, Johnson struggled violently for ten minutes and was still alive at the end of twenty-five minutes. He confessed his crime, professed conversion and died forgiving and blessing his enemies. An orderly crowd witnessed the execution.

NEW GOLD FIELD.

Great Discovery of Free Milling Ore in the Chocolate Mountains, Arizona.

ALBUQUERQUE, N. M., Sept. 23.—Authentic information is at hand that there is a great discovery of free milling gold ore in the Chocolate mountains of Yuma county, Arizona. The rush there is started, tents, stamp-mills and people are arriving at Yuma from up the river bound for there.

Noted Drill Corps to Disband.

KOKOMO, Ind., Sept. 23.—Kokomo Division No. 6, Uniformed Rank, Knights of Pythias, has decided to disband and will enter no more drill contests. This famous division held the world's championship for a number of years, winning first place at the international tournament at Toronto, Canada, in 1895.

DECLARED OFF.

Belleville Coal Miners Ready for Work.

Will Continue the Fight Only Against Those Companies Who Refuse to Pay the Scale.

ST. LOUIS, Sept. 23.—The coal miners of Belleville, Ill., and vicinity today declared off the strike so far as it affects owners who are willing to pay the scale. About half the mines in St. Clair county have resumed or are preparing to do so, at the thirty-seven-cent scale. Most of the others are expected to soon come into line. The consolidated company will be the last to knock under and a long, bitter fight on their part is expected. As none of the strikers will go to work for the company until the scale is paid, it is probable that the company will undertake to import miners. If it does trouble will probably ensue.

Centenarian.

CHICAGO, Sept. 23.—James Lane, 101 years old, familiarly known as "Uncle Jimmy" Lane, who was one of the oldest residents of Chicago, died today of old age. He was born in Ireland on St. Patrick's day, 1796, and came to America in 1832, coming to Chicago in 1835.

LOCAL LINES.

The board of works is considering an invitation to attend a meeting of the American Society of Municipal Improvements, at Nashville, Tenn., October 5 to 8. They will probably decide to stay at home.

E. D. Gaston, representing the Richmond Casket company, is a guest at the New Aveline. Mr. Gaston will shortly move his family here from Logansport, and they will reside on West Williams street.

At school house No. 4, Wayne township, a social will be given this evening. The school is on the Huntington road two miles from the Lindenwood cemetery, and will afford a pleasant spin for wheelmen. The proceeds are intended for aid in a library.

Dr. Frank Broughton and wife, of Waterloo, were in the city last evening, en route home from Columbia City where they attended the meeting of the Maumee Valley Medical association. Dr. Broughton is medical examiner for the Connecticut Mutual Insurance company.

A picnic was given to Gloyd's mills yesterday in honor of Mrs. Emma Cottingham Quael, of Cincinnati, who is visiting relatives in the city. The ladies took their lunch baskets with many good things along, and had their dinner at the home of Mrs. Blackman, where Mrs. Gaildin did honors as hostess.

The ladies' society of the Plymouth Congregational church will meet in the church Friday afternoon. It is earnestly desired that every lady member of the church or congregation should be present, especially those who signed the constitution, as business of importance pertaining to the same will be brought up.

CHINA'S EMPEROR.

He Is a Hard-Working Monarch but Very Little Is Known of Him.

Very little is known concerning the Emperor of China. Theoretically, the son of heaven and the King of Kings is a sacred being and should be always spoken of with the greatest respect and reverence. It is impossible for him to have faults or to commit errors like ordinary men. He comes from divine ancestry, and when he dies he takes his place among the gods, no matter what he says or what he does while on earth. Therefore, the people who have an opportunity to know what is going on within the Forbidden City, as the grounds around the palace are called, are not likely to discuss their ruler as freely as the subjects of other sovereigns do.

None but the members of the court and their attaches are allowed to enter the palace. The military guard is composed of chosen soldiers, all the servants and attendants are persons whose lives are spent in the palace, and who are not allowed to leave it. The hands that have ministered to the Emperor of China are never allowed to perform similar service for ordinary beings, and no servant leaves the Forbidden City. When a servant becomes too infirm to perform his duties he receives a pension. If the officials desire to get rid of him for any other reason they cut off his head.

The Emperor of China is one of the hardest worked men in the world, and according to a curious custom, he turns day into night. Some of the most important events in his daily program take place after midnight, and he frequently receives visitors by appointment at 3 and 4 o'clock in the morning. When Li Hung Chang returned to Pekin from his tour around the world the Emperor received him and heard his reports between 4 and 5 a. m. He has often received ambassadors at similar hours. The Emperor's working day begins at 1 p. m. He dines about sunset and has the third meal of the day at midnight. Sometimes he retires as early as 1 or 2 a. m., but he is often at work until daylight.

Fencing and Absent-Mindedness.

Fencing is an exercise recommended to maidens who lack self control. There is no doubt it teaches agility and develops physical graces. It might prove a cure of "absent-mindedness" if that complaint survives an era of bicycles and trolley. In town at least one must keep one's wits from wandering and never become so absorbed in thought that one forgets the dangers of a street crossing. Truly the day of the "absent minded" is over; the sweat down on it when pneumatic tires were introduced.

JAPS WANT WAR.

If the Stories From Hawaii are True.

Japanese Troops Said to Have Been Landed In Disguise to Resist Annexation.

SAN FRANCISCO, Cal., Sept. 23.—If the stories told by the passengers and crew of the steamship City of Peking, which arrived here from Hong Kong via Honolulu Tuesday night be true a state of affairs exists in Hawaii which demands the attention of the state department.

When the City of Peking arrived at Honolulu the attention of the other passengers on that steamer was attracted by the remarkably symmetrical movement of 174 Japanese steerage passengers who were disembarking.

Although classed as laborers their well drilled and military appearance was too palpable to escape observation and occasioned considerable comment. The Japanese were apparently under the command of a veteran sergeant and divided into squads of twenty, under non-commissioned officers. During the voyage a military discipline was observed which caused comment among the other steerage passengers and steamer crew, and many conjectures were hazarded as to the meaning of their being shipped to the islands.

It was generally believed that they were sent to the island for the purpose of forcibly resisting annexation, if necessary.

Reports of the presence of the mikado's soldiers are not new on the islands, and it is said that over 1,000 well-drilled men have already been landed there. About 400 veterans of the war with China are expected upon the next steamer.

HINSHAW'S HOPE GONE.

Witness John Short, Admits That Baney's Story Was a Fraud.

INDIANAPOLIS, Ind., Sept. 23.—The last effort to secure the release from prison of the Rev. William Hinshaw has been completely broken down by John Short, one of the chief witnesses for the minister, making a public statement in which he announces that the much-talked-of Baney story is a fiction from beginning to end. Short is a brother-in-law of Noah Baney.

In explaining why he and Baney made up the story he states that "There was a good deal of money floating around and we wanted some of it, and I guess we got some of it." He says he has received only $95, but was promised $500. Baney, he understands, was to have received $2,000, but on account of having "gone back" on the story has not received anything.

In the course of his long statement Short declares that when Baney was brought here from the prison to make the trip to the Hinshaw home at Belleville he had five sets of plans with him.

GREETED BY THOUSANDS.

Enormous Throngs Welcome William J. Bryan in Iowa.

NEW HAMPTON, Iowa, Sept. 23.—When William J. Bryan arrived here from Oelwein at 4 o'clock yesterday afternoon thousands of people thronged the streets and he was given an enthusiastic welcome, reminded of the scenes in the national campaign.

The meeting was opened by H. S. Basher, of Waterloo with a short address touching on state issues. Then Mr. Bryan spoke for nearly an hour and forty-five minutes, touching chiefly upon national issues.

Last night an informal reception in honor of Mr. Bryan was held at the house of John Foley, whose guest he is while here.

BIG BREWERY BURNS.

A Disastrous Early Morning Blaze Starts at LaCrosse, Wis.

LACROSSE, Wis., Sept. 23.—Early this morning fire was discovered in the roof of the brew house of the John Gund Brewing company's plant. The night watchman turned in the alarm, and although every fire company in the city responded, this morning nothing but the bare walls of one of the most extensive malting and brewing establishments in the northwest remains. The loss will exceed $300,000.

GAS EXPLOSION

Throws Colored Worshippers Into a Panic at Indianapolis.

INDIANAPOLIS, Ind., Sept. 23.—During services in Allen chapel, a colored church, last night, a natural gas explosion dangerously burned Benjamin Mitchell. The congregation stampeded, and a score of people were trampled under foot. Lillie Warfield, Robert Alexander and William Brown were dangerously injured.

Found a Giant's Remains.

EMMONS, Iowa, Sept. 23.—A party of relic hunters, exploring one of the numerous mounds in Black county, on Cedar river, east of here, has discovered in one of the graves the skeleton of a prehistoric man of much more than ordinary size.

Stone implements, pottery and arrow heads were found in the mound.

Dr. E. C. Gaines, of Eldora, contemplates making some extensive explorations.

THE COLOR LINE

Drawn in the Public Schools of Alton, Ill., Causes Trouble.

ALTON, Ill., Sept. 23.—The situation in Alton public school matters is worse than ever strained today. The colored people have flatly refused to send their children to the schools built for them. They went again this morning to the old buildings and placed their children where they wanted them. No opposition was made to this, but the children were not allowed to recite and must sit throughout the day in idleness. The board of education defends itself by the assertion that the children's parents are the violators.

LIMBS CRUSHED.

Serious Accident Happens to Willie Bates.

Fell Under a Wagon and the Wheel Passed Over Him—Several Other Casualties in Today's Chapter.

Little Willie Bates, the seven-year-old son of Mr. and Mrs. J. S. Bates, of 82 Summit street, nearly had the life crushed out of his body last evening. While riding on a heavy wagon used for hauling brick he was jolted off and both wheels passed over him, fracturing the bones of his left leg and of his right arm. The wheels passed over the leg just above the knee, crushing the flesh and breaking the bones in a frightful manner. Both bones just above the wrist were broken and the flesh was torn and bruised. The unfortunate boy will undoubtedly be a cripple for life. His father met a worse fate some years ago by having one leg and one arm taken off in an accident.

SEWER CAVED IN.

Last evening, as a delivery horse belonging to Smith Bros., the South Calhoun street feed dealers, was being driven into an alley entrance off of Hoagland avenue, a man-hole caved in and the horse fell into the pit. The animal was removed with some difficulty. The man-hole, which is situated between Colerick and Dawson streets, was repaired this morning.

LITTLE BENCH'S FALL.

Late yesterday afternoon Lucile, the little daughter of Mr. and Mrs. George E. Bench, of 47 Elmwood avenue, Lakeside, fell from a grape arbor, a distance of six feet, and sustained a severe contusion of the hip. Dr. Ruhl was summoned, and while he found no fractured bones, there were evidences of serious strain of the muscles, which rendered the injury quite painful. It is thought that this will pass away with proper treatment and that the little miss will suffer no ill consequences of the mishap.

FELL FIFTEEN FEET.

Last night a young man named Bernard McCabe, while viewing the Collins ice cream factory fire from a roof near by, fell to the ground, a distance of fifteen feet. His right wrist was fractured and his hip was badly bruised. He was taken to the St. Joseph hospital.

WENT THROUGH A CHUTE.

The six-year-old son of Mr. and Mrs. A. Schulte, of East DeWald street, while playing in the barn yesterday, fell through a chute used for conveying hay to the horse stall. His right leg was fractured just above the ankle.

Gold Coming From France.

NEW YORK, Sept. 23.—La Touraine, of the French steamship line, which sails from Havre on Saturday next, will bring to this port $1,000,000 in gold, consigned to the Hanover National bank, of New York.

LOCAL LINES.

Miss Jennie Phelps, of 188 Clay street, is dangerously sick.

P. L. Potter is at Auburn today on business relative to a real estate deal.

G. E. Bursley left last night, over the Wabash route, for Colorado Springs, Col.

David Kretsinger, of Marion, Ind., is visiting his brother, Dr. H. R. Kretsinger.

Miss Iona Cramer, of Fountain City, Ind., is the guest of Mrs. C. C. Cowell, of 28 West Berry street.

Mrs. Lina Light, of 152 Wayne street, has returned from Chicago after a week's visit with friends.

Born, to Mr. and Mrs. Alvin G. Black, of 436 West Main street—a son. The father is a foreman in the Wayne Knitting mills.

The foundation has been completed for a $2,000 residence on South Lafayette street for E. H. Rogers. Frank Allen is the architect.

Dr. Mary Whery attended the Upper Maumee Medical association at Columbia City. She read a paper and was royally entertained by the physicians.

Tim Lienky, of Fisher street, was summoned home from Muncie to be at the bed side of his daughter, Mary, who is lying very low with typhoid fever.

Mrs. Jennie Thorpe and daughter, Marietta, who have been spending the summer with R. E. Ordy and family, have returned to their home in Tecumseh, Mich.

Miss Nellie Scott, who was for some years with Armstrong & Co., in this city, has accepted a position with O'Neal's extensive millinery house in New York City.

Ted Wickleser, of Marshall county, is in jail at Laporte on the charge of setting fire to and burning four boat houses on the Kankakee marsh on the Laporte-Porter county line.

WORK OF FIRE BUGS.

A Lively Night for the Fire Department.

Two Buildings and Three Barns Go Up in Smoke—A Good Opportunity for Some Detective Work.

Three incendiary fires kept the fire departments on the go for several hours last night, and although the losses do not foot up high, enough was done to show that there is a demon abroad who ought to be captured. Chief Hilbrecht is of the opinion that the fires of last night were lit by the same person or persons who have been at the bottom of the incendiary fires occurring in the city the past year. If there is a "Fire Jack" in Fort Wayne the detective who will run him down ought to have fame thrust upon him and no doubt he would be so honored if he gets the fiend.

At 9:30 o'clock last evening the department was summoned to the foot of Harrison street, near the river, where Collins' ice cream factory was in flames. The factory was located in two one-story buildings, which were doomed before the firemen arrived. Both structures were destroyed, with their contents. The buildings, owned by Joseph Fox, were worth about $300, and the loss is partially covered by insurance. The machinery and outfits connected with the manufactory were the property of Collins & Co., Chicago, this being a branch of that firm. Their loss is about $700, and they have insurance enough to cover the loss.

ANOTHER ONE.

At 10:40 another alarm called the department to the cooper shop of Troesch & Sons, on East Superior street, between Calhoun and Clinton streets. This was destroyed, with its contents. Total loss about $500, partially covered by insurance.

AND STILL ANOTHER ONE.

At 11:35 the barn on the premises of Mrs. Dessauer, 90 West Main street, was discovered to be in flames. A quick run was made, but owing to the dryness of the timber and the combustible material in the barn the flames spread rapidly and communicated with the two adjoining barns owned by M. M. Smick and I. Trauerman. The three structures were a total loss. Nothing of value was in any of them. The loss to Mrs. Dessauer is $150; to Mr. Smick about the same amount, while Mr. Trauerman's loss will probably not reach more than $25.

GYMNASIUM WORK.

Advantages of This New Department of Young Women's Christian Association.

The physical department of the Young Women's Christian association offers to the young women of our city exceptional opportunities for physical development this winter. The opening of the association gymnasium October 4th will satisfy a demand that has been growing stronger every year for regular gymnastic work. Fort Wayne has an unusually large number of business young women employed in various ways throughout the city and this affords an opportunity for the exercise that is needed.

Miss Parmele, the director of this department, is a graduate of Baron Posse's gymnasium of Boston, and a teacher of several years' experience. In addition to the regular work Miss Parmele can give medical gymnastics and massage treatment perfectly. All further information in regard to hours and terms for classes, suits, etc., will be gladly given at the association house. The gymnasium is being equipped by the Narragansett Machine Co., of Providence, R. I., and will undoubtedly be a source of great pleasure and profit to the large number of young women who have already signified their intention of taking this work. A series of talks and exhibitions of the work will be given in the near future and it is hoped our young women will avail themselves of this opportunity to learn more fully of the work.

Wants to Know.

To the Editor of The Sentinel:

What is the trouble with the compulsory education law? Why are children who ought to be in school allowed to work when the law provides that they should be in school? Who is to blame? From my observation Fort Wayne needs three or four truant officers to enforce the law.

ENFORCE THE LAW.

Notice.

The annual meeting of the Plymouth Congregational church and society will be held at the church on Wednesday, October 6th, 1897, at 7:30 p. m., for the purpose of election of officers and transacting any other business that may come before such meeting. By order of board of trustees.

AARON E. HOWEY,

Clerk.

September 23, 1897.

Tonight at 8 o'clock, in the council chamber will be held the first meeting of the new athletic club. This meeting is called for the purpose of hearing the reports of the different committees selected at the last meeting, as well as to adopt a constitution and elect officers to govern the affairs of the club for one or more years, as the club sees fit. This meeting is very important, as the officers are to be elected and much of the [illegible]. The success of the organization largely depends upon the effort put forth by the officers and directors. Every one interested in its success should be on hand.

WANTS BIG DAMAGES

Dr. Wilson Sues Dr. Dinnen of the State Medical Board.

He Was Arrested on a Charge of Practicing Without License After Complying With the Law.

As a sequel to the arrest and arraignment before Justice Bullerman Tuesday afternoon of Dr. A. L. Wilson on a charge of practicing medicine without license, there was filed in the superior court this afternoon a suit for $5,000 damages against Dr. J. M. Dinnen, of the state medical board, and Timothy P. Rayel, the man who swore to the affidavit against Wilson. The complaint for damages was prepared by Attorney Elmer Leonard, and recites that the plaintiff is a graduate of the Cleveland Home Medical college and came to Fort Wayne June 1, the present year. Having knowledge of the existence of the state license law, but being unfamiliar with the conduct necessary to comply with its provisions, and wishing to do so, the complaint goes on to state Dr. Wilson inquired of Dr. Dinnen for proper advice and direction as to the manner of complying with the law. Dr. Dinnen fully explained and the plaintiff's application was allowed and license to practice medicine was issued to him by the clerk of Allen county July 28 last.

On September 21, 1897, the plaintiff was arrested and arraigned in Justice Bullerman's court on a charge of practicing medicine without a license. This affidavit was sworn to by one Timothy P. Rayel, who is alleged to be a "capper" by many persons. The complaint says that Dr. Wilson on being arraigned was informed that the case was continued and that he was permitted to go on his own recognizance and that on the day following the case was dismissed without the knowledge of his attorneys or himself.

Dr. Wilson believes his reputation and his feelings have been damaged to the extent of $5,000, and this sum is asked. It is not unlikely that Rayel will be arrested for perjury.

OTHER COURT NEWS.

Reuben Langley, the young man who obtained $200 from D. E. Geiger, timber buyer for S. J. Peabody, under false pretenses, was arraigned yesterday in the circuit court and entered a plea of guilty. Judge O'Rourke sent him to the state reformatory at Jeffersonville.

Margaretha Sours has commenced suit for divorce against Andrew Sours. Failure to support is alleged.

In the superior court, in the case of W. J. and Maggie S. Vesey vs. Antoinette Gillette, et al., for partition of real estate, decree of partition was granted by Judge Dawson and the property being indivisible was ordered sold.

The Sorgen ditch case, appealed from the county commissioners, is on trial before the jury in the circuit court.

HYMENEAL.

Marriage of Two Well Known Fort Wayne Couples Solemnized.

The Rev. T. J. Johnson, pastor of Simpson M. E. church, yesterday married James A. Shepler and Miss Eileen Terry. The bride is the daughter of Mr. and Mrs. John F. Terry, and is well known in society circles. The ceremony was performed at high noon, at the residence, 465 South Harrison street, which the couple will occupy upon their return from a wedding trip. The bride was simply but prettily costumed and held a boquet of white roses during the ceremony. Mr. and Mrs. Shepler left for Chicago and Milwaukee.

BUNTIN-JOHNSON.

Fort Wayne friends of the contracting parties will be interested in learning of the marriage of George Clippinger Buntin to Mrs. Helen Nelson Johnson, which occurred at Piqua, Ohio. The bride is the granddaughter of Mrs. J. K. Edgerton, of this city. They will be at home at Terre Haute after October 1.

IT is a strange coincidence, but said to be nevertheless true, that the increase of criminality in France coincides with the enforcement of the law for compulsory education.

ATTORNEY GENERAL McKENNA'S decision seems also to decide the much controverted statement that section 22 was "slipped" in as Senator Chandler has repeatedly said it was.

LIEUTENANT PEARY has returned from the north. He did not bring back the north pole, but he has landed the largest meteorite in the world on Uncle Sam's soil. FOR years medical science has striven for better knowledge of how to check the ravages of yellow fever. Now comes the city council of Atlanta, Ga., and raises science clear out of the game by abolishing the pest by ordinance. Whosoever hints at yellow fever in Atlanta goes to jail.

THERE ought to be plenty of room at the top for the Wisconsin judge who, while a candidate for re-election, being criticised by an opposite partisan newspaper, yanked the offending journalists up, enjoined them not to require proof that they had been libelous, and punished them for contempt when they did do so.

IF a little agitation by the Bank of England and rumors of purchases for India account are influences strong enough to raise the price of silver nearly eight cents, what would be the effect of free coinage by a great commercial nation like the United States? The silver question is not yet settled and will not be until there has been a return to the bimetallism that was destroyed by the gold conspirators.

WILLIAM J. BRYAN will win the eternal gratitude of a host of republican newspapers getting on the wane with dispatch and going at once into voluntary eclipse. A year ago it was the daily prediction of the gold press that Mr. Bryan's popularity would not survive defeat till Christmas. Then he was given another short lease in which to go out of sight and then another and another. Yet, today, nearly a year since the election, he has the same firm hold on the confidence and affections of the democratic masses that he had when the throngs turned out to greet him during his marvelous campaign. There is not another private citizen of the United States the force of whose simple personality can draw to himself the enthusiastic admiration and love that Bryan's does wherever he appears. He has grown stronger with the people and bigger within himself every day since the election.

Senator Elkins Did It.

Senator Stephen B. Elkins, of West Virginia, has acknowledged that he is the hitherto unknown author of the now famous paragraph of the new tariff law putting penalties on goods carried into this country by foreign transportation companies. Concerning his authorship of the section, the West Virginia statesman says:

"I am not ashamed of the part I have played. I am proud of it. The section would have meant for the ocean what the tariff does for the land. I think it was American, and for that reason I pushed it. This country is bound to be the mistress of the seas just as soon as we get time to attend to it. I wanted to hurry it along. There was no trick about it at all. I simply worked to succeed. Of course, I was not going tell those opposed to the scheme all about it. During President Harrison's administration we came very near reaching this end. Secretary Windom, two days before he died, drew up a resolution in pencil with this end in view. Had he lived it would have been pushed. I am going to push it now. I shall be sorry if Attorney General McKenna finds against the clause. Should he do so, I think he will give Americans and American shipping a setback of twenty five years."

Other persons will look at the matter differently. This is not the sort of method of promoting American shipping interests that the people of this country desire. They will look upon it with distrust. It has been charged by distinguished party colleagues of Senator Elkins that the paragraph referred to was surreptitiously made a part of the tariff bill. So illustrious a republican statesman as Senator Chandler has denounced the section repeatedly in the newspapers and has charged that it was "sneaked into the bill."

If in the interests of the American merchant marine and certain American railway interests discriminating provisions may be "sneaked" into tariff laws, why may it not be possible and even likely that we shall see other private interests served with equal consideration by the same underhanded methods?

THE CAKE WALK.

It Was One of the Most Brilliant Events Given at the Park This Year.

The colored population had its inning at Robison park last evening, when occurred the celebration of "Emancipation day" under the auspices of the Allen lodge No. 2365, Grand United Order of Odd Fellows. During the afternoon some good speeches were made, there was a big supper, and various other features to make the time pass all too swiftly, but the crowning event of the affair was the "cake walk" and dance, which took place in the evening. This part of the program drew a large crowd to the park and to say that everybody was delighted is putting it mildly.

Francis Brown did the honors of master of ceremonies in a graceful manner. He announced as the judges the following distinguished citizens: Robert Fisher, James A. Armstrong, Angus McPherson and H. B. Toby, all of whom have aesthetic tastes and know what constitutes a successful cake walk. They awarded prizes as follows:

First prize, Joe Netherland and Miss Seligman; second prize, Charles Brown and Mrs. Gardner.

The carriage of John Moten and Miss Blanche Rhoades elicited so much applause that it was decided to make up a purse for third prize and award it to this charming couple.

CHEERED THE PRESIDENT.

Mr. McKinley Given a Splendid Ovation by Massachusetts People.

NORTH ADAMS, Mass., Sept. 23.—Twenty thousand enthusiastic Bay state residents, gathered at the fair grounds here from the surrounding country, gave President McKinley yesterday afternoon the heartiest reception accorded to a public man in western Massachusetts within a decade.

The occasion was the arrival of the president in this city for a brief season of rest, as the guest of W. B. Plunkett. The demonstration was a notable one, in which not only the office but the man were highly honored.

AMONG THE LODGES.

History of Pythianism in Fort Wayne.

Struggle of the Lodges in the Infancy of the Order—Interesting Gossip From Fraternal Circles.

Indianapolis is entitled to the honor of having the first lodge of the order of Knights of Pythias to be established in Indiana. Its organization was effected on Monday, July 12, 1868. The next lodge was organized in the same city soon afterwards. Shortly after the organization of the two lodges in Indianapolis, Charles P. Carty, Albert McLain, A. R. Miller and W. A. Roberts, who were instrumental in forming the first two lodges, visited Fort Wayne and succeeded in instituting Allen lodge No. 3 on August 25, 1869. Here, as at Indianapolis, idle curiosity prompted many persons to seek the mysterious rites. Sixty persons were obligated and instructed. The only information it has been able to obtain, as to who any of these persons were is in connection with the formation of the grand lodge in October following, and those were presumably the lodge officers: W. H. Brooks, John B. Morgan, William McKean, M. B. Strong and J. J. Kamm. The lodge existed but a short time, and the charter was surrendered to the grand lodge.

ALANSON W. CLARK.
Chancellor Commander of Phoenix Lodge No. 101, K. of P.

On September 3, 1869, occurred the organization of Damon lodge, the elective officers of which were as follows:

George D. Crane, Charles E. Wallen, Thomas C. Ray, Alfred K. Irey, John L. Brown, Anson C. Keel, A. F. Wilson and G. E. Bursley, some of whom are still living and among Fort Wayne's prominent citizens. The roster contained twenty-six names when the first and only report was made to the grand lodge. The resources were $30.25 cash; indebtedness, $12.60. This, with a small amount owing for hall rent, and constant strife, led to dissolution before the first anniversary day. Thus two lodges became defunct.

There still existed another, a German lodge organized September 8, 1868, under the name of Humboldt lodge, No. 5. The membership never exceeded twelve. Of the number Daniel Volmer, Joseph Black, C. Ortman and Martin Baumgartner were officers. The lodge had a rocky road to travel and in October, 1871, it was reorganized with nineteen members, installing the following officers: Isaac M. Rosenthal, John M. Graf, Bernard Vernhof, Christ Barns and Edward Seidel. Both the German and English rituals were used. This lodge went down from lack of enterprise and in 1873 the lodge's outfit was taken by the grand lodge, and thus ended the first chapter of Pythianism in Fort Wayne.

Fort Wayne lodge, No. 52, was the next attempt to establish the order here. It was on September 1, 1874, that fourteen members of the three defunct lodges tried to secure a charter but failed.

For ten years, or from the time Humboldt lodge, No. 5, surrendered her charter and the refusal of a permanent charter No. 52, which existed but a few months, no Pythian lodge existed in Fort Wayne until Phoenix lodge, No. 101, was launched. This was March 27, 1882. This fifth attempt was successful. The elective officers and other charter members of the new lodge were: Joe Lohman, S. Sinclair, C. M. Dawson, G. A. Rose, W. A. Foote, H. C. Sites, R. B. Wheeler, Fred Beckman, T. F. Thieme, E. L. Goldsmith, I. Weil, J. B. McGuire, Julius Nathan, Charles Jones, M. N. Jacobs, M. N. Webber, William Deidolph and William McMullen. The lodge started with a determination to live and notwithstanding the membership was reduced by the withdrawal of eighteen members in 1884, for the purpose of organizing another lodge in Fort Wayne, the prosperity of the lodge continued to rise till at present it stands among the very strongest lodges of the state. The financial status of the lodge is excellent.

Then came Fort Wayne lodge, No. 116, which was organized April 24, 1884, the necessary consent having been given by Phoenix lodge. The charter members were Joe Lohman, M. N. Jacobs, F. N. Chapman, E. S. Philley, W. R. Tyler, J. S. E. Cain, A. J. Freund, W. G. Wilson, Julius Nathan, H. Goldsmith, R. B. Wheeler, Louis Heilbroner, L. H. Eaton, Frank K. Cosgrove, C. W. McCullough, R. M. Webbe, I. Weil, L. F. Schreitz, A. A. Reed, C. N. Hershey, Sam Fisher, S. E. Sinclair, Fred S. Tyler, Wm. A. M. Hake, C. M. Dawson, J. Schatt, Charles Willette, C. V. Williams, Max Kuhn, F. J. Healey, George Brown, Charles Jerman, R. M. Germain, M. L. Graff, J. Beard, Charles Hest and J. E. Ross. No. 116 has a reputation for having a carefully selected membership and it is in a flourishing condition financially and otherwise.

Loyal lodge existed here for a while and its members were among the leading Pythians of the city. It finally gave up and went into Phoenix lodge. Goethe lodge, a German order, also disorganized and its members joined Phoenix lodge. There is in Fort Wayne a uniform rank of the order, known as Summit City division No. 17, of which THE SENTINEL will have more to say hereafter.

Alanson W. Clark, chancellor commander of Phoenix lodge, is not an old member of the order but he is an enthusiastic one. He was given the ranks in May, 1893, and his ascendancy in the chairs began soon afterwards. Last July he was elevated to the highest office in the lodge, a place he fills with becoming dignity and honor. He is quite popular with the fraternity. Mr. Clark was born in Wells county, Ind., July 7, 1858. He is at present holding a responsible position in the mills of Kiert & Son, with whom he has been identified the past eight and a half years.

Harry F. France, keeper of records and seals of Phoenix lodge, became a member of the lodge during the month of February 1884. Having become popular with the brothers, was chosen prelate of the lodge and was elected vice chancellor December 31, 1885. In June 1886 he was elected chancellor commander for the term of six months, and in December 1886 was re-elected to that chair for a like term. In July 1887 was installed as a past chancellor, and in December 1887 was again elected to the chair of chancellor commander for the term one of year ending December 1888. The grand lodge having at a previous session made the terms of officers one year which has since been changed; after leaving the chair as chancellor commander he was chosen a representative to the grand lodge. He is at present completing his second year as keeper of record and seals of the lodge. For a long term of years Mr. France has borne the distinction of being a justice of the peace in Allen county and he is counted as one of Fort Wayne's good citizens. His record as a public officer is clean and is a credit to his name.

HARRY F. FRANCE.
Keeper of Records and Seals of Phoenix Lodge, No. 101, K. of P.

Dr. E. L. Siver holds the highest honor within the gift of the order in any state—that of past grand chancellor of Indiana. He is a member of the Masonic order, a leading member in the order that has honored him and was the first chancellor commander of Loyal lodge. He was captain of Summit City division, uniformed rank. The doctor is a member of the Allen County Medical society, the state society and stands high in his profession. He was also a major and a surgeon of the Second regiment of the Indiana militia and served on the governor's staff.

A. O. U. W.

It is now the time of year when fraternal societies will be the leaders of social events in this city, and it is the intention of No. 36 to be near the head of the procession. With this end in view, the more interested members have been in consultation to devise a means to set the ball rolling. As a result it has been decided to request the entire membership to be present at the regular meeting to be held Thursday evening, October 7, at which time the lodge will be addressed by some of the more prominent members and the program for the winter's work decided upon. It is the intention of the lodge to give one of their popular socials during the coming month, the proceeds of which will be placed to the credit of the sick benefit fund. The interest in this worthy cause should and will undoubtedly be great. Applications for membership have been presented and from this time on initiatory work will be a weekly occurrence.

UNION VETERAN LEGION.

Encampment No. 51 held quite an enjoyable meeting Monday evening, as some of their comrades living out of town were able to be with them. The closing of the third quarter shows an increase for the quarter of fifteen new members and more coming. Comrades H. M. Williams, John Ott, H. C. Zollinger, J. C. Chamberlain and Colonel Hiler left Tuesday morning, via the Pennsylvania company, for Columbus, O., to attend the National encampment, as delegates, now in session there. Comrades Crosby, Buck and Covey, of the entertainment committee, intend having a series of camp fires and socials this winter and will inject some new features in the program. John M. Paver, of Indianapolis, is a strong candidate for national commander of the order. If he is unsuccessful, he will probably be recognized in one of the minor positions in the near future. The adjutant will compile some statistics and other items of interest of a historical character for Sam Santown and their friends, showing the service record of the members of No. 51.

CATHOLIC KNIGHTS.

The various branches of the Catholic Knights of America, Catholic Benevolent legion and the uniformed societies are all making extensive preparations to attend the dedication of the new Catholic church at Huntington one week from next Sunday. The Fort Wayne delegation will be a large one and will no doubt put up a finer appearance than they have for years, as there has been nothing to draw out such a rally here for a long time.

MODERN WOODMEN.

Fort Wayne camp 4771 welcomed Elmer E. Hayes from the forest into their new camp last Friday night. A part of their new paraphernalia had arrived and Neighbor H. A. Fox as chief forester knew how to don it, and with the assistance of the neighbors who volunteered to do team work, did credit to themselves and the camp by the manner in which they exemplified the work.

The quartet and members of the orchestra held a very interesting meeting at the residence of Geo. H. B. Freeby, on West Williams street, Monday evening to complete arrangements to furnish the camp with select music every Friday evening. The musical and social features of this camp are appreciated by the members and makes every one feel that it is good to be there.

At the regular meeting of the Modern Woodman camp, No. 3217, last Tuesday night the resignation of Worthy Advisor Anderson, who has left the city, was accepted and W. H. Freund, was elected to fill out the unexpired term. This camp is in a flourishing condition and is increasing its members at almost every meeting. There will be an auxiliary camp of the Royal Neighbors organized this afternoon at A. O. U. W. hall by Mrs. Clara Richards, of Buchanan, Mich.

AMERICAN SONS OF COLUMBUS.

Fort Wayne Colony, American Sons of Columbus, are arranging for active work for the approaching season. The entertainment committee have outlined a series of socials and entertainments such as have proved so popular heretofore. The minstrel committee are pushing their plans for the coming minstrel entertainment and all signs point to a success exceeding their effort of last spring when they surprised their best friends. The colony has one of their enjoyable smokers booked for an early date. The next meeting of the grand council is to be held at Keokuk, Iowa, in October. Delegates from Fort Wayne colony will attend.

I. O. R. M.

Minnewah council No. 49, Order of Pocahontas, is preparing for a banquet to follow the next regular lodge meeting. Two initiations will occur on that evening also.

Mechenannochqua tribe of Red Men administered the warrior degree upon two applicants and the chief degree upon four applicants last night. After the meeting about twenty of the members called at the jail hospital to see their brother, George Killen, whose misfortunes were chronicled in this paper yesterday.

D. OF R.

No. 2 is wide awake and up and doing. They are mapping a busy campaign for the coming winter and their efforts will be crowned with success. The entertainment committee is now at work arranging to delight the public with the announcement of a new and novel entertainment, the date for which has not been selected. The program carried out at the last meeting received many compliments. The special program for next Tuesday will be equally interesting.

HOUSEHOLD OF RUTH.

Last Tuesday evening a new lodge of the Household of Ruth was instituted in this city by Mr. and Mrs. W. F. Anderson, of Lafayette. The new lodge starts out with eighteen members. Mr. and Mrs. Anderson stayed over and participated in the Emancipation day exercises at Robison park last evening.

FRATERNAL MYSTIC CIRCLE.

Remember the Fort Wayne Ruling, No. 667, will give a social tonight at Harmony hall, 20 West Berry street. Ice cream and cake, music, recitations and specialties.

ORDER OF ELKS.

At the next meeting of this lodge, the first Tuesday in October, Cass Hunter, who was a delegate to the national convention at Minneapolis, will read his report. As he has some interesting information to impart, a large attendance is looked for.

JR. O. U. A. M.

Last Saturday evening the members of the Monroeville Enterprise council, Jr. O. U. A. M., met at the farm residence of William Wyburn and reminded him that he had arrived at his forty-ninth birthday. After presenting him with an elegant rocking chair, the people present proceeded to have a very pleasant time.

Harmony lodge No. 19 will have work in the initiatory degree this evening. This lodge is planning for a series of entertainments to be given throughout the winter, this being considered a desirable way to keep up an interest in the work. The entertainments given last winter were a source of much enjoyment to everybody.

ONE WITH A LONG NAME.

The Louisville Courier Journal says: "'The Right Worthy National Supreme Grand Lodge of Ancient and Independent Order of the Sons and Daughters and Sisters of Moses in the United States of America and the World at Large' has been incorporated at Washington. The venerable couple separated nine years ago, but a divorce was not asked for until now. They have grandchildren grown to manhood and womanhood.

Pearl fishing has become an industry of some importance along the Upper Wabash river, and some of its tributaries. The pearls are found in mussel shells. Some of them are of fine color and very large. Two inmates of the soldiers' home at Marion are said to have made $400 the last year in gathering pearls in the Mississinewa and selling them to local jewelers.

There is Nothing So Good.

There is nothing just as good as Dr. King's New Discovery for consumption, coughs and colds, so demand it and do not permit the dealer to sell you some substitute. He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For coughs, colds, consumption and for all affections of throat, chest and lungs, there is nothing so good as is Dr. King's New Discovery. Trial bottle free at Dreier Bros.' drug store. There is no sadder sight than that of the orphan child bereft of the loving care of a mother. If women would but learn the vital importance of taking proper care of their health, and always look after the health and vigor of the organs distinctly feminine, the pitiful Sabbath day procession of motherless children that goes to the cemetery to "put flowers on ma-ma's grave" would be materially reduced in numbers. Too many women bring a child into the world at the sacrifice of their own life. This sad tragedy may be avoided by any woman who will resort to the right remedy.

The usual dangers of maternity are banished by the use of Dr. Pierce's Favorite Prescription. It acts directly and only on the important and delicate organs that bear the burdens of motherhood. It makes them healthy and strong, vigorous and elastic. It does away with the discomforts of the expectant period, insures the health of the newcomer, and makes its advent free from danger and almost free from pain. Over 90,000 have testified to its virtues. Druggists who offer substitutes are untrustworthy.

Mrs. William Vincent, of [illegible], Houghton Co., Mich., [illegible] writes: "When I first began to take your 'Favorite Prescription,' four years ago, I was suffering with local weakness and heart trouble. At times I could hardly endure the pain in my side; [illegible]"

Capitalists Preparing to Build in Indiana.

The Big Train Reached Its Destination—A Machinist Loses a Finger—Shop Gossip.

PORTLAND, Ind., Sept. 23.—A company of capitalists was organized here by the election of a board of thirteen directors to push to completion the building of the Springfield, Ohio, River and South Atlantic railway. To this road a subsidy of $1,000,000 was voted by Knoxville, Tenn. It is a branch of the Great Black Diamond system. William Kinley, of Toledo, was elected president of the board. The other officers are: Vice president, Edward Watson, of Vincennes; secretary, A. E. Boone, Zanesville, Ohio; treasurer, Amos Stout, Toledo.

Articles of incorporation will be filed at Indianapolis. The next meeting will be held in Vincennes October 1.

FRED O'CONNOR'S FUNERAL.

W. E. Davis, general yardmaster of the Pittsburg, this morning received a telegram which stated that the remains of the late Fred O'Connor were en route from Las Vegas to Valparaiso and that the funeral would be held in the latter city at 2 o'clock next Sunday afternoon. The deceased was a train dispatcher and formerly resided in this city. No doubt a number of his old railway friends here will attend the funeral.

MINOR MENTION.

Ed Dorate, of the Pittsburg shops, is sick.

The Wabash pay car was in the city today.

G. W. Vaughn, chief engineer of the Nickel Plate railroad, is in the city today.

Wabash freight engine No. 43 came into the shops today for general repairs.

C. T. Strawbridge went to Chicago this morning on business for the Bass works.

Benjamin McFarran, a clerk in the Pittsburg storeroom, is off duty on account of sickness.

Master Mechanic J. J. Muir, of the Bass works, has returned from a business trip to Chicago.

A. Nussbaum, of the east car shops, fell from a ladder yesterday and sprained one of his knees.

James Craig, an employe of the Rhinesmith & Simonson factory, is kept from his labors by sickness.

C. S. Knight has returned from a business trip to St. Paul in the interest of the Electric corporation.

Jacob Hilgeman has returned from Kentucky, where business for the Electric corporation detained him several days.

Pittsburg engine 89 has been repaired and turned out of the shops, and No. 312 was taken in this morning for general repairs.

W. T. Marks, the machinist, who had been employed temporarily in the waterworks department of the city, has returned to his former position in the Pittsburg machine shop, after an absence of three months.

The stockholders of the Big Four will hold their annual meeting in Cincinnati October 27.

The Illinois Central in August handled the largest tonnage of freight of any month in the road's history.

The Wabash will build two dining and cafe cars similar to those run between Chicago and Detroit, to run between St. Louis and Toledo.

The earnings of the Northern Pacific the second week in September were $24,291 in excess of those of the corresponding week of 1896.

Conductor Fred Diehl, of the Nickel Plate local freight service, is taking a lay off and his train is in charge of Conductor Overholser.

Machinist Philip France resumed his place in the Pittsburg shops this morning, after an absence of nearly a week on account of an injured wrist.

Elmer Taylor, a Muncie conductor, is suffering from the effects of stepping upon a rusty nail, which penetrated his foot. Dr. W. H. Meyers is attending him.

Frank Gruber and F. Arnold, of the National Boiler and Sheetiron works, have gone to Paulding, Ohio, to repair boilers for the Paul-Weidman Stave company.

The larger of the security holders of the Illinois Central, in company with Vice President Harahan, are inspecting the road. They will hardly venture as far out as New Orleans.

Yesterday was the date set for the opening of bids for the construction of an addition to the Wayne knitting mills, but the opening was postponed until Friday, when the contract will be let.

Patrick Graney, engineman on the Pennsylvania, between Louisville and Logansport, broke the record for a single mile a few days ago. The run was made between Kokomo and Logansport with a train of four cars, including a heavy Pullman chair car. The fastest mile he made was in thirty-four and one-half seconds.

As a result of the recent visit of R. B. F. Pierce, receiver of the Toledo, St. Louis and Kansas City, to Washington, through night mail service will be established between Toledo and St. Louis over that line in both directions.

There are now three good railroad positions in New England awaiting forthcoming of talent. One of the vacancies is on the Fitchburg road, another on the New York, New Haven and Hartford, and a third on the Boston and Maine.

C. W. Bray, president of the Lisbon Tin Plate company, of Lisbon, Ohio, is a guest at the Wayne. The works employ over 700 men and there is in contemplation an increase of this number. Mr. Bray's mission here is purely business.

The Santa Fe has advanced the employes' rate of fare from one-half cent to one cent per mile, but the arrangement does not affect the practice of issuing free transportation to employes and their families on account of long and meritorious service.

Frank Frase, of Terre Haute, is here visiting his mother. Mr. Frase is employed as an inspector by a telephone company and is now taking his annual vacation. The trip from Terre Haute to this city was made on a bicycle in less than two days.

Operator John Eylenberg is out on the streets again and is thinking strongly of resuming his place at the instrument tomorrow. He has charge of the Western Union office in the Pittsburg depot, but for over a week he was suffering with malarial fever.

At a special meeting of the stockholders of the Chicago and Northwestern Railroad company, yesterday, the proposed general refunding mortgage was approved and authorized without dissent, by a vote largely exceeding two-thirds the total capital stock.

G. P. Lysinger and a gang of workmen commenced wiring the Kerr Murray shops for electric lights this morning. This firm is behind with its orders and it is getting ready to work its employes overtime if the orders continue to come in at the present rate.

A fifty-light Wood arc dynamo, with all the necessary lamps, to Wells, Minn.; a 400-light incandescent dynamo to the Joseph D. Williams Steamboat company, Pittsburg, and two motors to Philadelphia were among the shipments from the electric works yesterday.

The abandoned factory buildings of Louis Rastetter & Sons, on Broadway, are being torn down today. Next summer the site will be occupied by a handsome dwelling house, surrounded by a beautiful lawn. The firm now has extensive bending works on Wall street, near Swinney park.

At the meeting of the Trades and Labor council tomorrow evening, delegates to the meeting of the Federation, which will be held in Marion, Ind., in October, will be chosen. Other business of importance will also come before the council and it is hoped that all the delegates will be in attendance.

Adam Collis, a machinist in the Pittsburg shops, will have the index finger of his right hand amputated at the second joint this afternoon, Dr. G. C. Stemen performing the operation. Mr. Collis had a felon on this finger three months ago, which left the digit useless and only a hindrance when he is at work.

THE SENTINEL is in receipt of the following from Wabash, Ind.: "Engine 513, of the Big Four, which was given a trial trip to Warsaw yesterday, was pronounced by Arthur Henkin, the machinist, to be perfect. This engine will at once be placed in the passenger service on the north end and be handled by Jack Gibbons."

Among the guests at the Wayne is J. C. Currie, of New York, who is secretary of the Brotherhood of Locomotive Engineers for that state. Aside from his official duties, Mr. Currie finds time to occasionally go out on the road in the interest of the Nathan Manufacturing company, of New York, and he is here today looking after orders for that house.

C. A. Cartwright, assistant general freight agent of the Baltimore and Ohio at Pittsburg, has resigned and the office has been abolished. P. M. Matthews, commercial freight agent at Pittsburg, has been promoted to division freight agent, and T. J. Walter, agent of the Continental line at Pittsburg, has been appointed commercial agent of the Baltimore and Ohio at Pittsburg.

The immense train which left this city over the Pittsburg yesterday morning for Chicago and which was mentioned in these columns yesterday, arrived at its destination at 11:30 o'clock last night, having made the run with but little aid from the engine which followed it. The experiment is being repeated today, the train leaving Chicago at 9 o'clock this morning, drawn by the same engine. These tests are to continue ten days.

So far the present year has been the most prosperous to the Anthony Wayne Manufacturing company of any within its history. Usually the works close during the months of August and September, but this season orders for washing machines came in so rapidly that the shop force was unable to keep up with the demand and they worked all through those months. Today the company is shipping a lot of machines to St. Louis.

The work of constructing the Detroit and Lima Northern road extension from Dundee, Mich., to Detroit was begun yesterday. The Detroit and Lima-Northern trains have heretofore been running into Detroit over the Wabash tracks from Britton, which is ten miles from Dundee, but now the right of way has been secured over the entire route, and within four months they promise to have a line of their own in full operation between Toledo and Detroit.

The employes of the Pittsburg blacksmith shop, wherein George C. Killen was employed, express great sympathy for the unfortunate man and his estimable wife and daughter. Mr. Killen is a most communicable man and is well liked by all his acquaintances and particularly by his shopmates and those who know him best. Last night about twenty members of the Independent Order of Red Men, of which Mr. Killen is a member, called at the jail hospital to see him and to offer help in caring for him if it was necessary.

A remarkable feature of America's part in the internal development of Japan is the large tonnage of steel rails this country is furnishing for that country and the number of locomotives that have been supplied. There are over 120 locomotives which were built, are building or have been ordered for the year 1897. Every locomotive means about $10,000 on an average when delivered in Tokio; deducting freight charges, etc., at least $1,000,000 remains in the United States as the consequence of its engine builders' successful competition with their European rivals.

John Raidy, of the Pittsburg machine shop, figured in a runaway accident on Calhoun street last evening, at 5:30 o'clock. At that hour a horse attached to a buggy, in which were seated a lady and her little daughter, became frightened and wheeled around, upsetting the vehicle. Before the animal could start to run away Mr. Raidy seized the bridle rein and held him fast until the lady and girl could be extricated from the dangerous positions in which the overturning of the buggy had placed them. Their injuries were only slight, but might have been serious had the horse ran away, as they were tangled up with the top of the vehicle and the wheels in such a manner that they would have been dragged along with the rig.

THE LAST SERIES.

Youngstown Comes to Fort Wayne This Afternoon.

The Beginning of the End of the Inter-State Season in This City—Yesterday's Scores.

This afternoon at Lakeside park began the last of championship base ball games to be played in Fort Wayne this season. The Youngstown team meet the Indians and good contests will be the order, as has always been the case when these two aggregations were pitted. Tomorrow afternoon the game will be a benefit tendered to Manager William Meyer, of the Fort Wayne team, and the prospect today is that it will be an entire success. Patrons of the national game should turn out for the two-fold purpose of assisting to wind up the season in a blaze of glory and to give an advance boom to the season of 1898. The Youngstowns will play here Saturday.

YESTERDAY'S INTER-STATE GAMES.

DAYTON, Ohio, Sept. 23.—Dayton won the game with New Castle yesterday on a home run by Flick. There was a large attendance and much enthusiasm. The score:

Dayton ....0 0 0 0 0 1 2 0 0—3
New Castle ....0 1 0 0 0 0 0 0 0—1

Base Hits—Dayton, 9; New Castle, 4. Errors—Dayton, 2; New Castle, 2. Batteries—Rosebrough and Greenwald; Smith and Graffius. Umpires—Colgan and Mason.

SPRINGFIELD, Ohio, Sept. 23.—Springfield and Wheeling played a double header yesterday afternoon. The feature of the first game was Reilly's steal home. The score:

Springfield ....2 0 2 0 1 1 1 0 0—7
Wheeling ....1 0 0 0 0 0 0 0 0—1

Base Hits—Springfield, 8; Wheeling, 4. Errors—Springfield, 4; Wheeling, 5. Batteries—Springfield, Madden, Vetters and Sterick; Wheeling, Bates and Donahue.

Second game:

Wheeling ....0 2 1 0 1 0 0 0 *—4
Springfield ....0 0 0 0 0 0 0 0 0—0

Base Hits—Wheeling, 4; Springfield, 6. Errors—Wheeling, 2; Springfield, 2. Batteries—Campbell and Donahue; Poole and Sterick. Umpire—Hubbard.

LOUISVILLE AT TOLEDO.

TOLEDO, Ohio, Sept. 23.—Louisville won yesterday's exhibition game on a scratch hit by Clarke in the ninth inning, and on a very questionable decision at the home plate. The score:

Louisville ....1 0 0 1 0 0 2 0 2—6
Toledo ....0 0 0 2 1 0 0 1 1—5

Base hits—Louisville, 10; Toledo, 11. Errors—Louisville, 4; Toledo, 2. Batteries—Clarke and Dexter; Keib and Myers. Umpire—Keefe.

RESULTS YESTERDAY.

National League—Cleveland, 18; Chicago, 7. Philadelphia, 8; Washington, 4. New York, 8; Baltimore, 4. Boston, 12; Brooklyn, 0. Pittsburg, 5; Cincinnati, 4. Cincinnati, 13; Pittsburg, 2.

FIELD SPORTS TOMORROW.

Before the base ball game is called tomorrow afternoon at the benefit to Manager Meyer, there will be an extra program of field sports in which the members of the Fort Wayne and Youngstown teams will compete. There are some good athletes among them and the contests will be well worth seeing. Foot races, base ball throwing contests and like sports will make up the program. Those who wish to see these contests should go to the grounds not later than 2:30 as the contests will begin early to enable the ball game to be called at the usual time.

NOTES.

The Shamrocks will play the Concordias on the Concordia college grounds next Saturday afternoon. The game will be called at 3 o'clock.

The Shamrock Spy Run game to be played at Robison park next Sunday afternoon will be the most interesting amateur game ever pulled off in Fort Wayne. The contest will decide the championship of the city. Twelve handsome gold medals will be presented to the winning team and a pennant bearing the name of the winner will be floated from the park pavilion.

Punishment for Bribery.

INDIANAPOLIS, Sept. 23.—Wm. Downs gave John King of Johnson county $2 for his vote at the last election. Downs was indicted by the grand jury for bribery, but the court dismissed the indictment on the grounds that the words "two dollars" did not necessarily mean anything of value, and that there was nothing in the indictment to show that King would not have voted the same ticket anyhow. The supreme court has reversed the ruling of the trial court, and says that "two dollars" is a thing of value, and that even an attempt corruptly to influence the vote of an elector, whether it succeeds or not, is an indictable offense.

THE SEAL COMMISSION.

David Starr Jordan Comes East to Attend the Meeting.

SAN FRANCISCO, Sept. 23.—President David Starr Jordan, of Stanford university, is preparing to attend the conference of the international seal fishery commission, of which he is a member. He says: "I hope the Washington conference will get along with as little of diplomatic letters and printed reports as possible and have a confidential exchange of views in order to arrive at a settlement of the question. I have not the least idea of what will be the outcome. Rather than see the seal herds slaughtered I would prefer to have England own them all. I am not making any predictions as to whether or not the conference will succeed in drafting a treaty."

WONDERFUL!

A Christian Physician Who Tries to Make Men Better in Body and Soul.

A Rebuke From Her Minister and Lawyer—Dr. N. B. Smith, No. 107 Calhoun Street.

It is doubtful if the columns of any newspaper in the state ever recorded a more wonderful restoration of health than that of Mrs. A. J. Augustine as a result of a medical treatment by Dr. N. B. Smith, of Fort Wayne. Her attorney informs us that he considers it a miracle, as she certainly was considered in a hopeless condition mentally and physically.

We will give Mr. Augustine's statement just as he gave it to us:

"I have been married fifteen years and our home has been made happy by five children. My wife had enjoyed good health until about five years ago. She was taken then with an attack of rheumatism, which soon produced heart disease. I noticed that she was getting weaker and that her nervous system was very much broken down. I took her to the Hot Springs, in Arkansas, where we staid six months, but she got no better. We then returned home and again tried our family physician, but my wife got no better. She became very yellow and could neither eat or sleep. She said her existence was full of misery and prayed for death to relieve her of her sufferings. Dropsy now set in and she became almost completely helpless. Her mind began to fail and I was requested to send her to the insane asylum, but this I could not do. I could not find it in my heart to send her away when I believed that she would soon die. One of my friends induced me at this time to call on Dr. N. B. Smith, the eminent specialist of our city. I did so. After a careful examination of her he stated that he could cure her. I confess I had no confidence in any doctor, but decided to do anything for my wife that could be done. The doctor began his treatment and in a short time we all saw an improvement in my wife's condition. Her dropsy disappeared, her heart got better, her mind clearer and stronger, her appetite improved and she slept better. I now consider my wife perfectly well and she owes her life and health to Dr. Smith."

Mr. Augustine's statement is attested to by the following affidavits:

LOGANSPORT, Ind., Aug. 20, 1897.

I hereby state, under oath, that the above statement of A. J. Augustine, is true to the best of my belief.

REV. J. K. CARSON,
Pastor Church of God.

LOGANSPORT, Ind., Aug. 20, 1897.

The above statement, as made by Mr. A. J. Augustine, as regards the past and present condition of his wife, and her restoration of health, by Dr. N. B. Smith, is true as I verily believe.

MARK E. CONNOR,
Attorney-at-Law.

Dr. Smith is endorsed by the best citizens in this state, among whom are judges, lawyers, doctors, preachers and bankers.

Soap "DANDRUFFANE." Soap

The Traveling lady DEMONSTRATOR at

"The People's" Dry Goods Store.

Will Remain One Week Only.

If this meets the eye of a person who is troubled with chapped hands or any skin affection, don't let the skin become inflamed and crack open. No liquid preparation can accomplish a cure. You have tried them and found only a temporary relief. What you need is a soap scientifically compounded in the form of "paste." It must be a thorough antiseptic soap, besides a perfect cleanser with hard water. It must contain medicine to keep the skin soft and in a healthy condition. "DANDRUFFANE" is the name of a specially prepared soap put up in tin boxes, in paste form, and retails for 25 CENTS A BOX.

For the Hair it is EXCELLENT. It will destroy dandruff, leaves the hair soft. "Dandruffane" has been sold and used in Fort Wayne for the past three years, and we feel justified in making our claims for the merit of this soap.

SPECIAL SALE.

In order to bring this remedy to the attention of all the ladies in Fort Wayne, we have arranged a special price of **10c a Box.** The regular price is 25 cents. This sale begins this morning and continues one week.

☞ Only one box sold to each person at this price.

WASHINGTON, Sept. 23.—For Indiana: Fair tonight and Friday; light winds, mostly southerly.

NEWS NOTES.

Thomas Shoaff has returned to New York.

Miss Tena Martin is visiting her sister at Montpelier.

Miss Clara Schwieterman delightfully entertained the Mimosa club last evening.

Miss Mae Sullivan, who has been visiting friends in Valparaiso, has returned home.

Mrs. John Mommer and daughter have returned from a visit with relatives at Cincinnati.

Rev. P. V. Updike has returned from Celina, Ohio, where he was conducting revival meetings.

Mrs. William Rowe has returned from Peru, where she was the guest of Mr. and Mrs. Martin Rowe.

Miss Ethel Taylor has invited a number of friends to participate in a nutting party next Saturday.

F. V. Culbertson has returned from Loudonville, Ohio, where he attended the bedside of a sick relative.

Mrs. May Robinson and son, of Crestline, Ohio, are the guests of Mrs. William Glenn, of West De Wald street.

Mrs. J. W. Dornan and son, Harry, leave today for Vincennes, where Harry will enter the Vincennes university.

Mrs. L. D. McMahon will entertain the members of her Sabbath school class at her home, 55 Nelson street, Friday evening.

Mrs. J. H. Knight, who has been the guest of her parents, Mr. and Mrs. T. Shea, in Valparaiso, returned to her home yesterday afternoon.

Misses Jennie and Paula Doembling, who went abroad in the early part of the summer, have decided to remain in Germany and pursue their studies this winter.

Cyrus W. Allen, of 224 West Creighton avenue, one of the oldest residents in the city, is quite ill. His son, Dr. Ethan Allen, assistant surgeon of the state soldiers' home, at Lafayette, has been called to his bedside.

The first section of the Ladies' society of Westminster church will give an entertainment and social at the church parlors tomorrow evening. A very good program has been arranged. Ice cream and cake will be served and a general social time had.

Messrs. Max Witzigreuter, W. H. Jones and John Trautman, of the Emporium Gun club, attended the shoot at Auburn yesterday. Mr. Witzigreuter broke fifty-nine blue rocks out of sixty and Mr. Jones got fifty-nine out of sixty-seven. This is good shooting.

It will be interesting to the friends of the brilliant divine in this city to know that Dr. John Merritt Driver, of Marion, has consented to the filing of an application to have his son, James, sent to the reform school. It is stated that the youngster is incorrigible and that his parents are unable to control him.

The senior class of the High school have organized and elected officers for the year as follows: President, Philip Bursley; vice president, Helen Heitz; secretary, Jay Read; treasurer, Ben Bell; historian, Leah Tennant; poet, Minnie Arnold; prophet, Zella Evans. The class colors are maroon and white. There are thirty-two seniors.

A DIAMOND

For a Dollar—Experts Mystified.

Experts and those who have seen and worn the Transvaal Diamond acknowledge they cannot detect them from the genuine Diamond and in order to prove to you, even beyond the shadow of a doubt, that the Transvaal cannot be detected from the real Diamonds, we have placed several real Diamonds weighing from 1 to 2kt. among the Transvaal; if you can pick them they are yours for $1.00.

The Transvaal Diamond is the nearest approach to a real Diamond ever discovered. The rich and royalty wear the Transvaal. Are they good enough for you? For a few days more we will sell a beautiful solitaire ring that seems to be worth $175 for $1.00, a beautiful pair of glittering earrings that seem to be worth $200 for $2.00, a powerfully brilliant stud or pin that seems to be worth $100 for $1.00.

Every stone is guaranteed to retain its brilliancy and mountings to give satisfaction. Come while you can get the pick of the prettiest and most brilliant. Diamond Palace (Farms' Confectionary), 97 Calhoun street.

I Pay the Best Price

For Cast Off Clothes. Please notify me by postal card and I will call. 2-20tf H. FINKELSTEIN, 15 Barr St.

Dave Glenn has returned to St. Louis after a visit with his parents.

TO THE PUBLIC.

We deem it necessary for the benefit of the general public and particularly those who have deferred placing their orders for Fall Clothes until we open our doors to refute the stories that have been circulated, either through ignorance of the true facts or by envious competition.

It has been said that it is our intention to make up cheap goods. That we propose to take an ordinary printed form measurement here and then have the goods cut and made in some big shop in the larger cities on the order of ready made garments. THIS STATEMENT IS ABSOLUTELY UNTRUE IN EVERY PARTICULAR. In the first place we do not intend to make what is commonly called Cheap Tailoring. We propose to do FIRST-CLASS WORK AT POPULAR PRICES and the FIT, STYLE and FINISH of our garments will be second to none in this city.

Everything will be CUT and MADE ON OUR PREMISES and any of our customers are invited to inspect our cutting room and workshop if they so desire.

The designing of all garments will be under the direct supervision of MR. GEO. W. FISHER, who has a national reputation in his line—President of the Fine Trade Garment Designers Exchange of the United States and Organizer, Ex-President and Ex-Secretary of the Custom Foreman Tailors' Association of America. The workshop will be under the supervision of MR. WM. LEVINGSTON, of Chicago, and he comes to us with a reputation as a first-class, skilled mechanic and ranks with the best of them in that large city. Mr. I. Mautner, Mr. A. Reinhart and others who are no strangers to you, will have charge of the selling and will render every assistance in the selection of Goods, Trimmings, etc.

WAIT FOR US.

We'll be ready for business in a few days and promise to show you an immense stock of both foreign and domestic Woolens and name the lowest possible cash price consistent with good workmanship.
